

**Warm-Up:**

1. Work alone or form small groups of 3-4 students.
2. Direct your attention to the headline and first paragraph of the article. To orient yourself, answer these questions.
  - Who is at the center of this story?
  - Where does the story take place?
  - When does the story take place?

Discuss or just jot down what you can infer from the text by looking at the photos from the article. Based on what you see, explain how the photos give further clues to the central focus of the article. What other topic(s) do the captions suggest you will be reading about?
